E-News Vol. 8, Fall 2013

MAGNUM 1-800-822-PIER

Greetings!

Happy Fall to everyone! We hope this finds you all well. Magnum has been very busy! With this edition of Magnum's quarterly e-mail newsletter we are pleased to announce our most recent software "FLyT2.0" is available for download. Our annual Master Installer Program was very well attended. Also, Brownie Geotech Solutions has been named "2012 Master Installer of the Year"

FLyT2.0 Available for Free Download

We are pleased to announce the release of an updated version of Magnum's Foundation Layout tool, FLyT2.0, now available for download! This is a free software to help with sizing and spacing of Magnum products for preliminary purposes. Here is a list of some of the changes we've made:

- Allow user to apply custom logo
 - Added pile marker tool
 - Added north arrow
 - Added required torque and install pressure
 - Enabled printing
 - Auto calculate maximum spans
 - Fixed bug with backfill pressure in software
- Click [here](#) to access the software download page.

Master Installer Program Big Success

This year's Master Installer Program was well attended! Roughly 60 different installers traveled from across the U.S. to participate in the 2-day intensive program. The first day of the program was classroom training with speakers including Howard Perko, Ph.D., P.E., author of the internationally acclaimed text book on helical piles. The second day, Magnum held a live "hands-on" demonstration of equipment and products including grouted helical piles and push piers. Hilti, Stanley, Eskridge and CTS did live demonstrations of new products and tools. The event ranked very good to excellent in all categories in an exit questionnaire and had an overall satisfaction score of 97% with all attendees stating that they would recommend the program to someone else. We look forward to seeing you all next year at the 2014 Master Installers Program. Thank you to everyone who participated! Click [here](#) to read more about the program and view photos.

Brownie Geotech Awarded 2012 Master Installer of the Year

We have chosen Brownie Geotech Solutions as Master Installer of the year. Brownie Companies have been in business since 1922. Brownie has been a loyal customer of Magnum. Brownie completed a number of challenging projects in the past year that incorporated Magnum products and engineering. Last year, Brownie

completed the Tiger Woods Clubhouse, a NASA launch pad, Gatorland Amusement Park, and more. Click [here](#) to view more about Brownie Geotech Solutions. To read more about previous winners click [here](#).

Thank you for your time and interest. Contact us for your helical pile, push pier, deadman anchor, and other foundation product needs!

Sincerely,

BJ Dwyer
